Git + GitHub + Eclipse 如何取得教材

 本次教材使用github的服務 (http://silencecork.github.io/SHUWorkshop2015/)

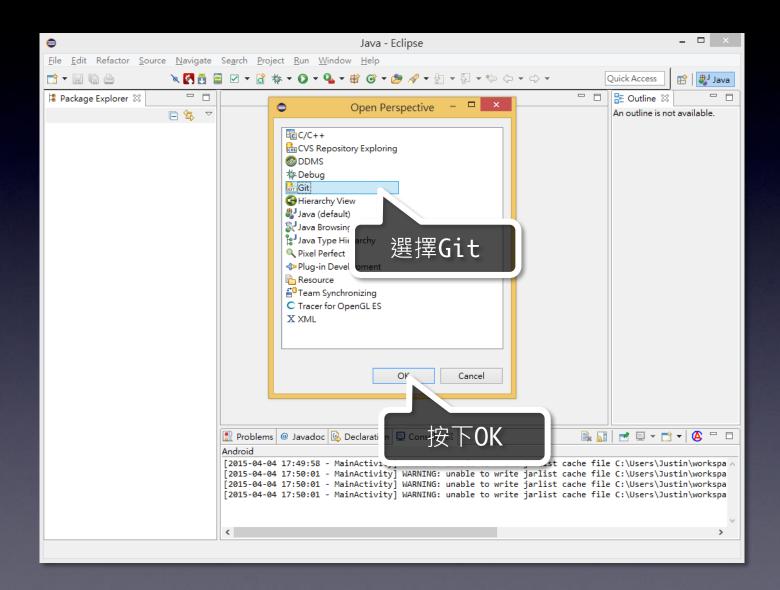

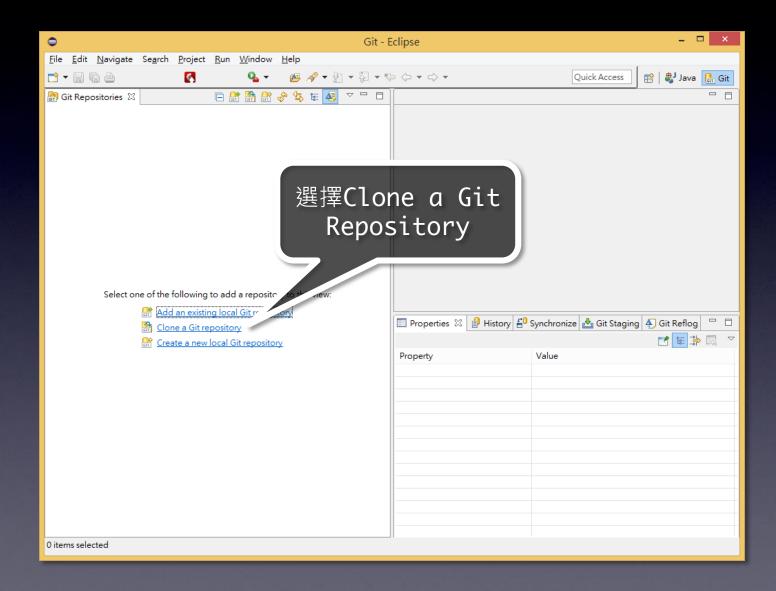

什麼是GIT?

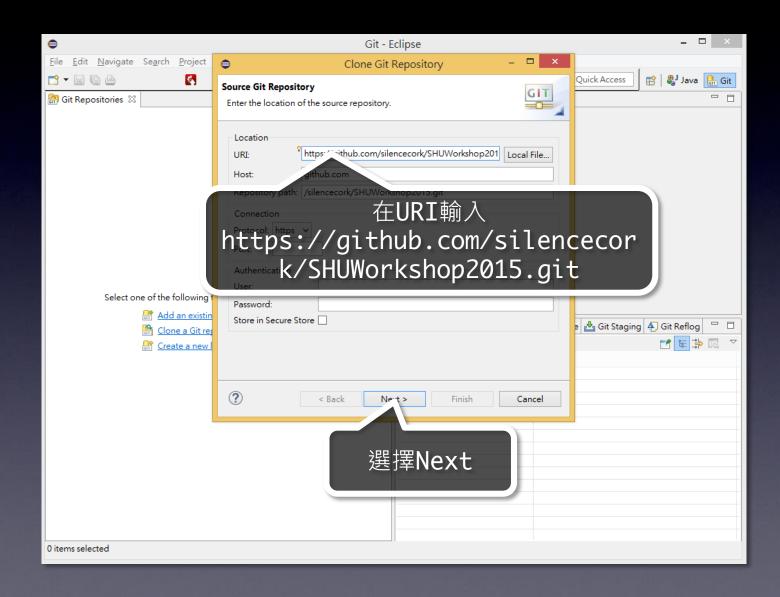

- 版本控管的系統(Version Control System, VCS)
 - 想復原前幾天寫的版本
 - 想知道跟昨天寫的差在哪裡?
 - 是誰改了這段程式碼,為什麼?
 - 可以隨時復原修改,回到之前的版本
 - 保留修改歷史記錄,以供查詢
- 參考以下連結,連猴子都能懂得git入門
 - http://backlogtool.com/git-guide/tw/

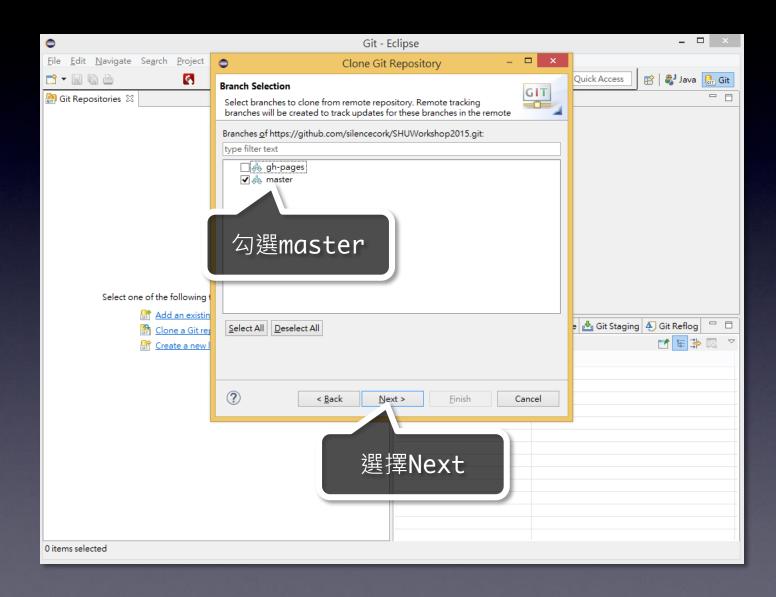

Eclipse內部就有內建git的管理介面

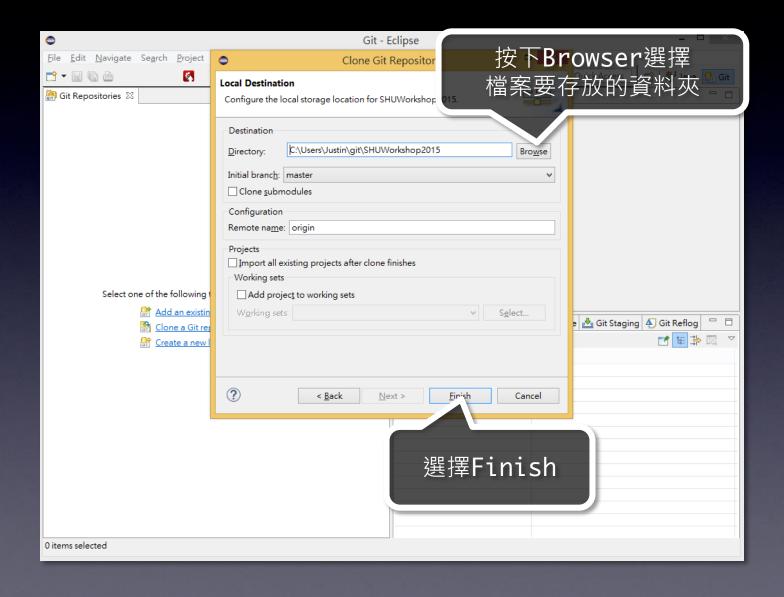

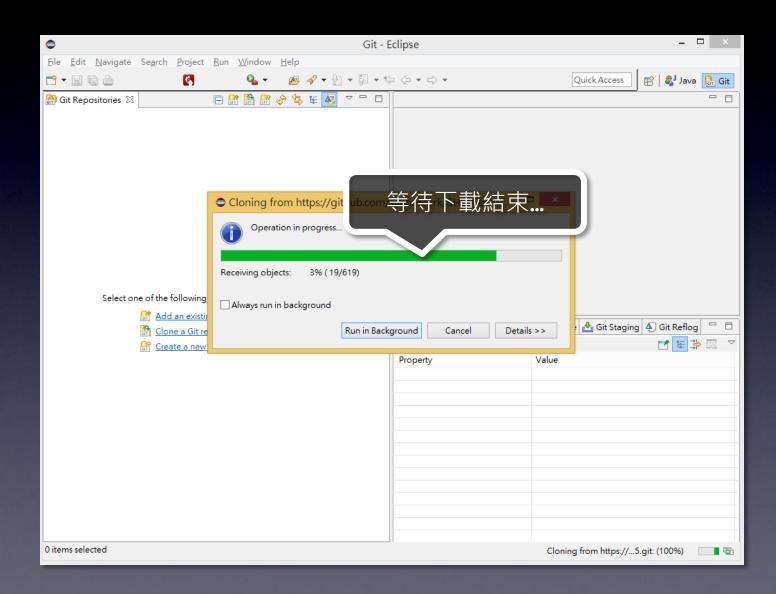

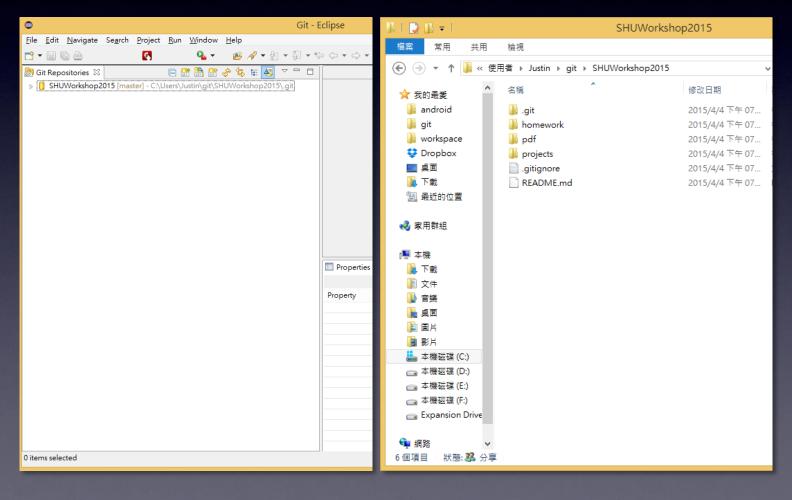

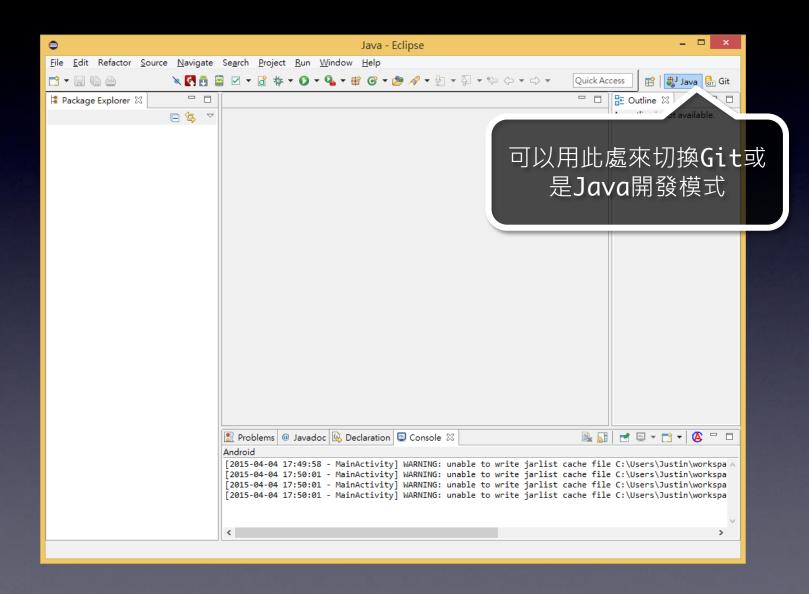

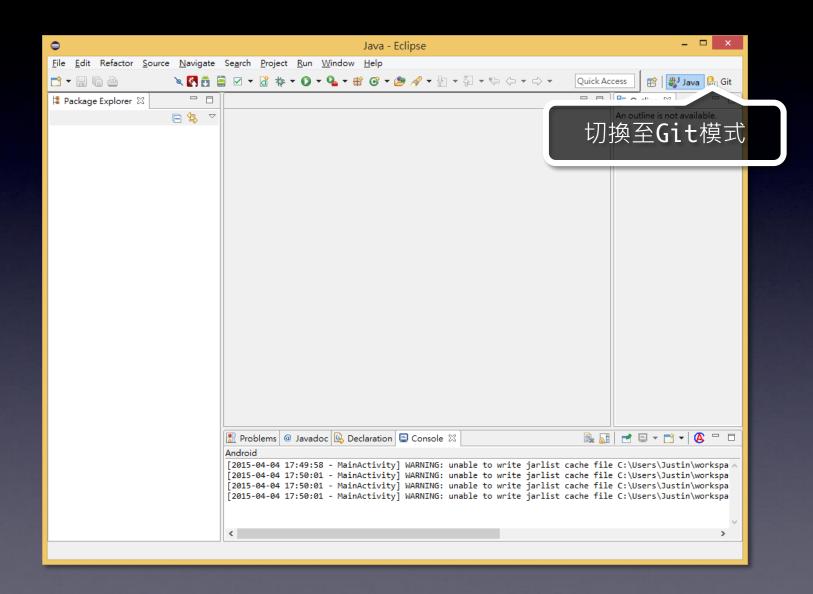

● 下載成功後,Eclipse如左圖,可以打開存檔資料夾 如右圖

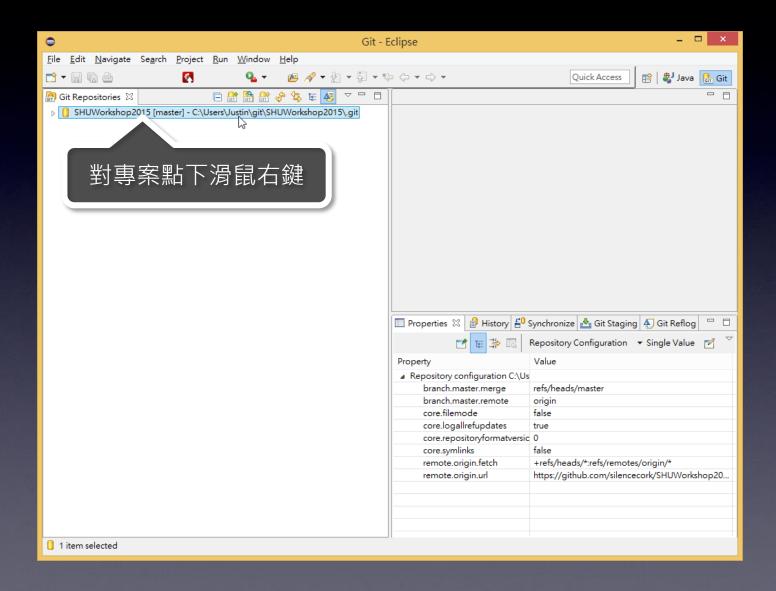

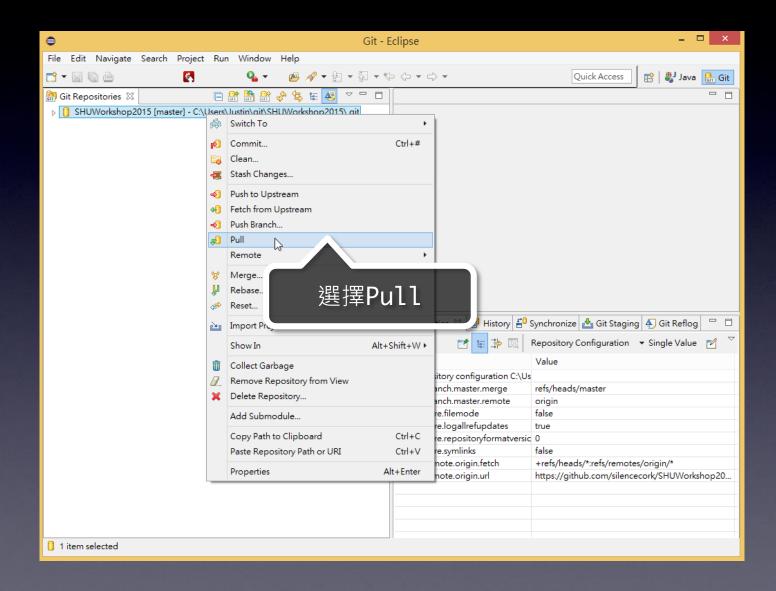

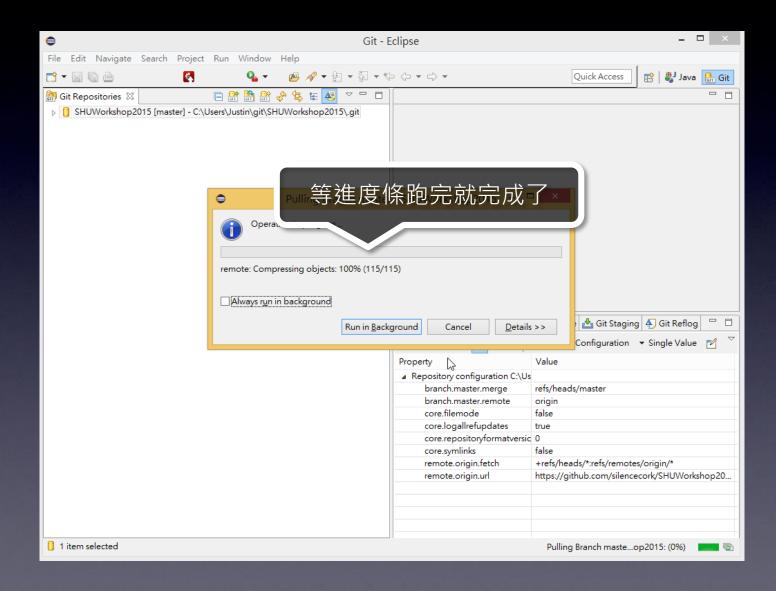

Git + GitHub + Eclipse 如何更新教材

- 每個禮拜都會有作業,作業的答案也會公布在Git
- 可以使用接下來的方式取得每次的更新或作業解答

Q & A
